

NEW TOWER PRO

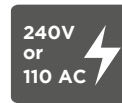

LED Flood Light With Collapsible Tripod

The Tower Pro is a unique mains powered flood light, that provides 360° of light. It can be powered from a 240V or 110V supply. The foldable and lockable light heads each have an anti glare diffused lens giving a wide spread of shadow free light, with a daylight colour temperature of 6500K. The robust aluminium tripod extends the light head to 3.5 metres.
