

LIGHTWAVE HEAD TORCHES – INTELLIGENT LIGHTING, HANDS-FREE CONTROL

Designed for professionals who need reliable illumination and seamless usability, the Lightwave range combines powerful LED performance with intuitive **motion sensor technology**. Allowing users to activate or deactivate the torch with a simple wave of the hand.

Whether you're working in confined spaces, wearing gloves, or managing tools, Lightwave head torches offer effortless, hands-free control without compromising on brightness or battery life. Built for comfort and durability, they're ideal for industrial, emergency, and outdoor environments where speed and convenience matter.

Experience lighting that responds to you. Lightwave puts control at your fingertips, without lifting a finger.
