The NightSearcher SAFATEX ZOOM is part of the NightSearcher SAFATEX ATEX portable range of LED lighting. It is UL, IECEx and ATEX certified as well as CE, RoHS and REACH accredited. It is approved for use in mines and certified to ATEX Zone 0 for gas.

The SAFATEX ZOOM is a tough, versatile, compact flashlight with dual light output of either 235 or 83 lumens from a CREE XP-G2 high output LED and incorporates a zoom function. Switching light modes is via a spring return switch, simple to use even when wearing thick gloves. The switch can be locked off to prevent accidental switching. In either light mode the bezel can be rotated anti clockwise to select a narrow beam or clockwise for wide beam.

Battery Replacement

Spot beam

Flood beam
