The NightSearcher HT MINI is part of the NightSearcher SAFATEX ATEX portable range of LED lighting. It is UL, IECEx and ATEX certified as well as CE, RoHS and REACH accredited. It is approved for use in mines and certified to ATEX Zone 0 for gas.

The HT MINI is a light weight, compact, head torch with 140 lumen output from a CREE XP-G2 high output LED that is designed for professional use. The headtorch features a rotary on/off switch which is easy to use, even whilst wearing thick gloves. The HT MINI has a light beam length of up to 70 metres and a runtime up to 6 hours. The light head can be adjusted through 90 degrees to point downwards to provide light on the ground.

Battery Replacement
